

**Purchase information for Outdoor Emergency Care 5th edition,
OEC online course, and Student Support Resources – June 2017**

NOTE: This information only applies to purchases through the publisher.

Outdoor Emergency Care 5th edition

- The book should be purchased through the website <http://www.bradybooks.com/store/product.aspx?isbn=0135074800>
- Candidates should create an account, but not enter the “optional member code” or optional “Pearson Account number.” Retail price is presently \$115.20. After entering billing and shipping information, enter the code **NSPM** in the promotion code box and a 27% discount will be applied.

OEC online course (MyLab) – purchasing an access code to be shipped

- The Text Resources Access Card provides access to the OEC online course available through MyLab - <http://www.pearsonmylabandmastering.com>
- The Text Resources Access Card may be purchased through the same website as the book. Retail price is presently \$8.40. The NSP discount does not apply to the access card purchase, but a 15% discount is applied because the card is purchased through the Brady Books website.
- The Text Resources Access Card is shipped to the purchaser.
- On the My Lab website, the candidate needs to register as a student and have the Course ID from the instructor. THIS IS NOT THE SAME NUMBER AS THE NSP COURSE NUMBER.
- After registering on this site, the candidate selects the “Use an Access Code” option and enters the code from the Text Resources Access Card.

OEC online course (MyLab) – immediate access

- If a candidate needs immediate access to the OEC online course, it may be purchased through the MyLab website at <http://www.pearsonmylabandmastering.com>
- The candidate needs to register as a student and must have the Course ID from the instructor. THIS IS NOT THE SAME NUMBER AS THE NSP COURSE NUMBER.
- After this information is entered, the candidate selects the option to “Use a Credit Card or Paypal” and will be charged \$22.00.

Student Support Resources for non-online courses (self-paced)

- MyNSPKit is no longer available for instructors or as an online student support resource.
- If an instructor does not want to establish a dedicated online course, there is a general set of student support resources contained within a MyLab course. This course is not led by any instructor but offered as a self-paced review option for interested students.
- The Course ID is nsp20573
- Students can “enroll” in this course by purchasing a Text Resources Access Card as above.
- Students in hybrid or online OEC courses do not need to enroll both in this general, self-paced “course” and in the dedicated online course assigned by their instructor.

Technical Support for students and instructors
